Grief Education Workshop

This workshop is designed for those who want to develop a better understanding of how to help people who are dealing with loss and grief. It may be of special benefit to professionals who work in healthcare, financial services, insurance, law, HR/EAP and college/university counselling departments, but anyone with an interest in this area/topic is welcome.

Program Objective

- Gain an in-depth knowledge of the grieving process
- Develop skills of how to support the bereaved - individually and in groups
- Learn various grief management models
- Understand the different kinds of losses
- Increase awareness of disenfranchised and complicated grief

Facilitators

This program will be led by two experienced professionals with extensive knowledge working in the bereavement field as well as being board members with the LMGRS.
