Kids Grieve too: Children's Grief Groups

A child's grief is often unrecognized or misunderstood. Delta Hospice Society is pleased to offer **Kids Grieve Too**, bereavement groups to support children ages 7-12. These groups apply expressive arts and play therapy to reduce anxiety and anger, promote healthy expression of difficult emotions, increase understanding of grief and loss, and provide support through connection with others.

Thursday afternoons, April 5-May 10, 3:30-5 pm
For info & to register, contact Teresa:
